Subject: RE: Upper Animas - Steve Way's TDD

Hi Joyce,

I took a quick look at the TDD and it is separate. My TDD just covers soil sampling in the Town of Silverton (more or less) and Steve's covers the creeks and areas more outside of Silverton. So, I think we do need \$100K. Hopefully, Wharton will open his pipeline wallet!

Subject: RE: We need to do PR

Joyce, if you called my cell no message came in. I have not gotten to my office VM in over a week.....

Attached is my first TDD re START support on overall mine site RI / Removal Assessment support. I have another task on soils sampling that we probably want to be separate. It would be cleaner for costs and task leads.

Steve Wharton will be the point of contact on the funding source, but it's pipeline \$.

Thanks

Steve - did you get my voicemail? I can do a PR for your Animas project if Jodi Powell or Mandi gives me the accounting string. Then we can do your TDD.

Joyce
